

Here's your chance to be Dick Dastardly and build your own Mean Machine. We can't guarantee the high speeds of a Porsche, but there will certainly be some thrills and most probably a few spills!

How Does it Work?

At the start of the event each team will be allocated a budget. Every team will have some initial tools and equipment but they must then use their bartering skills in the Parts Shop to purchase anything else that they may need. Teams must then build a human powered kart. The Parts Shop will have items available that will help you make decisions on propulsion, wheels, frame and most importantly for some items to make the vehicle aesthetically pleasing on the eye!

What Happens Next?

Before any driving of the kart takes place as with any vehicle these days, your kart will need an MOT certificate. Our Kart Inspector will go round the vehicle making sure it is safe for the ensuing challenges. If your kart passes the test then your team will receive a MOT Certificate and be free to enter the challenges, if not then its back to the drawing board!

When do we race?

Once the teams have received their MOT Certificate is out to the race track to see which vehicle can complete the feats!

The creations will then go head to head against each other in a number of different challenges which could include:-

- Round the Relay** - you can't relay on one drivers skill for this one as everyone has to drive a lap of the course. The team to get everyone round the course first wins!
- Emergency Stop** - the teams have to get their kart up to its fastest speed and then stop in the designated area!
- Drag Race** - use raw power and speed to get to the finish line as quick as possible!
- In and Out** - through the slalom and test the manoeuvrability as well as testing the driver.

The winners and runners up will receive cash prizes for each test which will then be added to their initial budget. There will also be separate prizes for the best design and most attractive kart.

The team with the most money at the end of the day will be the winners

How Much?

The costs below are based on activities only for a half day, without venue costs.

20 People	£2280 + V.A.T	30 People	£2520 + V.A.T	Up to 40 People	£2760 + V.A.T
50 People	£3000 + V.A.T	60 People	£3240 + V.A.T	Any more than 60 people	P.O.A

Summary

This event is a great way to build team trust and relationships. Problems are overcome as a team with a fun element being brought to the day.

Please note all bookings are subject to availability and our terms and conditions
